EXPERIENCE

SUTTON PLACE CAPITAL MANAGEMENT

New York, NY

Investment & Financial Analyst Intern

Sep 2025-Dec 2025

- Supported portfolio manager in overseeing a \$20M+ multi-asset portfolio spanning equities, fixed income, & alternative investments; built & maintained Excel-based models for position tracking, allocation analysis, cash reconciliation, budgeting, & concentration/FX risk metrics
- Conducted fundamental credit and equity research on 30+ companies across multiple industries; performed DCF, comparable, and precedent transaction analysis - evaluating financial statements, industry dynamics, capital structure, and valuation drivers to generate investment recommendations and support deal sourcing
- Developed transaction-specific financial models to underwrite new positions and periodically revalue assets; incorporated sensitivity analyses, scenario planning, and risk-adjusted return assessments to support investment committee decisions and portfolio repositioning
- Managed active deal pipeline and portfolio metrics; coordinated transaction workflows across internal teams, tracked commitment details, performed functional risk controls, & maintained audit-ready documentation supporting KYC due diligence & compliance requirements
- Prepared investment memos, performance attribution reports, variance analyses, and management presentations delivered to senior stakeholders and external partners; automated reconciliation workflows using Excel macros to improve data integrity and reporting efficiency, contributing to a 15% improvement in client satisfaction

BB ADVISORY

Una, India

Investment & Portfolio Management Intern

Dec 2023-Feb 2024

- Structured personalized investment portfolios for 3 clients across equity, fixed income, and alternative asset classes; conducted due diligence on 20+ securities using fundamental and technical analysis, generating 12% return with 2.8% alpha over a 3-month period
- Executed asset allocation and portfolio construction strategies incorporating waterfall return analysis, downside scenario modelling, and Sharpe ratio optimization; improved portfolio Sharpe ratio by 15% and reduced downside volatility by 8% through disciplined rebalancing and risk management
- Performed financial statement analysis, peer benchmarking, and market research to identify investment opportunities and risks; prepared performance attribution reports and strategic recommendations presented to executive leadership

LEADERSHIP

ENTREPRENEURSHIP CELL - NITH

Hamirpur, India

Overall Coordinator

Sep 2019-Apr 2023

- Secured \$150,000+ in funding through financial modelling, deal structuring, and negotiations with 12 startups and VC firms; managed budget planning, financial controls, and reporting across multiple concurrent initiatives
- Led a 15-member cross-functional team executing large-scale events with 2,000+ attendees; established mentorship program connecting 25 student founders with industry professionals
